

# Introducing brave fACES

You're invited to a press conference to launch **Brave fACES**, an impactful new initiative by BraveBe Child Advocacy Center, designed to address and prevent Adverse Childhood Experiences (ACEs) in Lincoln through community awareness, education, and technical assistance.

**Brave fACES** represents a collaborative effort with Community Health Endowment (CHE) and Catholic Health Initiatives (CHI) to address ACEs, a critical public health concern affecting our community. Together, we are committed to building a future where Lincoln is an ACEs-aware community, equipped to respond to trauma and support resilience in our children and families.
